Vietnam Veterans Memorial

CARLSBAD, Calif. – The Vietnam Veterans Memorial at Maffucci Field was recently completed after the dedication and financial support of Jack Frazier, Project Lead and several members of the surrounding communities. The Army and Navy Academy will host an official dedication ceremony on Saturday, May 17, 2008 at 2:00 PM during the Academy's Alumni Weekend festivities.

Phase I of the project began five years ago and was paid for by grants from the City of Carlsbad and the County of San Diego as well as generous donations from many supportive citizens and the Vietnam Veterans of North County. The monument has cost over 90,000 dollars to construct.

This memorial is a dedication to all North County veterans that fought and lost their lives in the Vietnam War. Jack Frazier as well as the Army and Navy Academy would like to extend an open invitation to the surrounding community, especially those patrons that have friends or family members who served in the Vietnam War, to join in the celebration next Saturday afternoon.

The Vietnam Veteran Memorial dedication ceremony will include a special appearance by the Academy's Marching Band, Mayor for the City of Carlsbad Claude 'Bud' Lewis and a solo performance by Jack Frazier. Immediately following the conclusion of the ceremony, a small reception will also be open to the community.

Directions to the Academy can be found under the contact us page on the Academy's website at: www.armyandnavyacademy.org. Please contact: Cassandra Latimer at 760.547.5279 with any questions. We hope you'll consider joining us for this memorable event.

Founded in 1910, the Army and Navy Academy (www.armyandnavyacademy.org) is a private not-for-profit institution that provides an academically robust, character-based education for 7th-through 12th-grade young men. It is the only private boarding school in San Diego County and the only military academy for high school-age students in California and surrounding states.
