

Hello Warrior Family,

This page is intended to update our Warrior Community on the progress of our search for President. As you know, MG Bartell is completing his seventh and final year with Army and Navy Academy. We are sad for our School but happy for Art and Karen that they have recently decided to return next year to their home in Michigan, and be closer to kids and grandkids. MG Bartell will lead us through the 2020-2021 School Year.

We are also excited that the Academy has retained as our search partner, [Wickenden Associates](#). [Eric Peterson](#) is our lead consultant assisted by [Andy Watson](#). The Wickenden search team is well underway in interviewing various stakeholders – trustees, staff, faculty, parents, cadets, donors, etc. Those perspectives will help Wickenden to develop an Opportunity Statement in collaboration with the Search Committee, Board of Trustees and MG Bartell. We have provided a copy of that statement on this webpage. The search is expected to take several months. It will take some weeks for this opportunity to work its way into the marketplace; however, when appropriate we will publish search updates on this webpage. Stay tuned for updates on this very important project for the Army and Navy Academy.

Warrior Proud! Warrior Strong!
